INSURANCE DIVISION

The Bureau of Insurance was established by legislative enactment on March 21, 1873. From that date to the year 1913, the State Treasurer was ex-officio Insurance Commissioner. By Chapter 1, House Bill No. 55 of the General Assembly of 1913, the offices of the State Treasurer and Insurance Commissioner were separated. The Act created a separate Department of Insurance and provided for the qualifications of the Commissioner and his appointment by the Governor for a term of four years. Public Chapter No. 311, Senate Bill No. 1038, Public Acts of 1983, changed name and designation of the Department and Commissioner to the Department of Commerce and Insurance and the Commissioner of Commerce and Insurance, effective May 17, 1983.

The Insurance Commissioner's report for the calendar year 1985 includes statistics compiled from abstracts of the Annual Statements and is published in tabular form, giving analysis, classification and summary of items comprising the Assets, Liabilities, Surplus, Gain and Loss Exhibits. The figures given of companies of Tennessee and other states and countries are those submitted by the companies in their annual statements under oath, except where changed by the Department audit or by request of the companies. The annual statements and schedules of all companies are on file in the offices of the Insurance Division subject to public inspection.

As of December 31, 1986, there were licensed and transacting business in Tennessee the following number of companies or organizations:

The duties of the Division include but are not limited to Public Fire Safety education, development and enforcement of fire and building construction codes, investigation and prosecution of arson and related offenses, regulation of liquefied petroleum gas and gasoline bulk-storage plants, administration of manufactured homes, residential modular and recreational vehicle regulatory programs, inspection of boilers and elevators, inspection of electrical installations, regulation of fireworks sale and manufacture, regulation of fire extinguishers, and sprinkler contractors, regulation of explosives-users and collection and analysis of fire data.

The Division is organized into eight (8) sections: Administrative Services, Arson Investigation, Boiler and Elevator Inspection, Electrical Inspection, Plans Review, Fire Safety Inspection, Manufactured Housing and Firefighter Certification (Commission for Firefighting Personnel Standards).

Revenue:

No state appropriations. All revenue received and used is earned by penalties, fees, or forfeitures, and collection of the ¾ of 1% premium tax on fire insurance premiums collected in Tennessee and credited to the Fire Prevention Fund for maintenance of this division as specified in T.C.A. 68-17-140 and 68-17-142.

Revenues collected by the Division of Fire Prevention during the year 1986 were:

Fees and Permits	$4,432,741.82
Fire Marshal's Premium Tax	3,386,273.82
TOTAL	$7,819,015.64

ADMINISTRATIVE SERVICES

This section, consisting of the Assistant Commissioner for Fire Prevention and his administrative and legal staff, performs the executive, administrative, and legal duties related to the operation and coordination of the various sections of the Division of Fire Prevention. These duties include planning goals and objectives for the Division; legal opinions; procurement of equipment and supplies; personnel management; collection, analysis, and dissemination of fire data; public fire education and information; and serving as liaison to local fire departments.

The administrative section received over 40,000 fire incident reports during 1986. Fire departments from 202 cities and counties use the computerized Tennessee Fire Incident Reporting System (TFIRS) to report their fire data to the state. Forty-two fire departments were added to the system during 1986.

A progressive public fire education and information program is operated in cooperation with local fire departments. During 1986, this program reached approximately 1.5 million people in the 95 counties of Tennessee. 730 firemen received a total of 2,190 contact hours of instruction on fire education techniques.

A film library is maintained by the section. The library consists of 125 different 35mm slide, video, and 16mm film presentations. The slides and films cover many subject areas in fire prevention, education, training, and fire safety. The slides and films are loaned free of charge to fire departments and other fire safety groups for use in promoting or teaching fire safety. At any one time, over 40% of the selections are checked out with particular high demand during fire prevention week in October.

A record is kept of all the fire departments in the state. This information includes the operating officers of the fire department, the amount of equipment, personnel, population protected, square miles served, and other pertinent information.

ARSON INVESTIGATION SECTION

The Tennessee Arson Investigation Section is the investigative arm of the State Fire Marshal's Office. This section investigates the cause, origin and circumstances of complex fires, explosions, and other criminal acts where a fire or explosion is involved, and investigates all deaths caused by fire or explosion.

This section plans and organizes Arson Investigation Programs within the state, conducts training programs and seminars for local and federal agencies involved in arson investigation and fire prevention. It also enforces state statutes on explosives and fireworks; investigates fire insurance fraud claims, presents reports and information to District Attorneys General for prosecution and makes arrests for violations where necessary.

This section regulates the fireworks industry in the state by issuing permits to manufacturers, distributors, jobbers, wholesalers, and retailers of fireworks. In 1986 fireworks permits collections totaled $172,096.50 in revenue to the state.

Four district offices are maintained in the major cities for convenience and efficiency.

BOILER AND ELEVATOR INSPECTION SECTION

This Section Administered by Two Separate Statues

Boiler and Pressure Vessel Inspection Section

This section is responsible for the administration and enforcement of the Tennessee Boiler and Unfired Pressure Vessel Inspection Law, Rules and Regulations. The law provides for and requires all boilers and unfired pressure vessels in the State of Tennessee to be constructed, stamped and installed in accordance with the American National Standard A.S.M.E. Boiler and Pressure Vessel Code. The law also requires periodic inspections of all inservice boilers and pressure vessels with issuance of Certificates of Inspection; establishes qualifications for inspectors to include written examinations prepared by the National Board of Boiler and Pressure Vessel Inspectors to permit issuance of State of Tennessee and National Board Commissions; provides for examination and licensing of all boiler and pressure vessel erection and repair contractors doing business in the state and requires all alterations and repairs to be approved by an authorized inspector. Another important function of this section is the service of conducting Quality Control System surveys and reviews in boiler and pressure vessel manufacturers' shops and at field sites, leading to issuance of Certificates of Authorization from the American Society of Mechanical Engineers to fabricate and code stamp boilers, pressure vessels and nuclear power plant components. The Section also functions as the Authorized Inspection Agency in a number of manufacturing shops engaged in fabrication of boilers and pressure vessels.

A Board of Boiler Rules has been created as provided for in the law with six members appointed by the Governor for four year terms. The Board meets quarterly to hear appeals; to rule on requests for special applications not specifically covered by codes or rules; to make interpretations of codes and to update rules and regulations with technological developments.

Acceptance inspections are required for all new installations and alterations to assure compliance with the American National Standard Safety Code. All such equipment is inspected periodically after initial acceptance inspections to authorize issuance of annual operating permits. The Act also provides for establishing qualifications, examinations and licensing of inspectors authorized to inspect elevators in the State of Tennessee.

As provided for in the Act, an Elevator Safety Board has been created consisting of five members, appointed by the Governor for terms of four years. ENGINEERING PLANS REVIEW

The Engineering Plans Review Section reviews plans for day care facilities, schools through twelfth grade, and State owned buildings throughout Tennessee. In areas outside the jurisdictions of the local governments which are authorized to do plans review and inspections, the Section also reviews plans for detention facilities, assembly occupancies for 300 or more people, and three (3) or more story residential and business occupancies, enclosed malls, high hazard industrial occupancies, and two (2) story residential occupancies with more than twelve (12) units. Sprinkler plans for all the above projects and for all the projects under the jurisdiction of the Department of Health and Environment are also reviewed.

The eight technical staff members of this Section provide inspection services on new and existing projects as requested by the owner, or by the Fire Safety Section. Fees were collected during calendar year 1986 for 336 projects, and 1640 separate reviews were performed.

Also, during the 1986 calendar year, twenty (20) new Sprinkler Contractors were registered and all but three (3) renewed their registration from the previous year. Thirty-one (31) new Responsible Managing Employees were licensed and all but ten (10) renewed their license from the previous year.

A newsletter was sent out to constituents on a semi-annual basis, speakers from the section addressed groups on fire codes and regulations. In addition, a large volume of various technical questions were answered by telephone, consultations, and by mail.

The two members of the clerical staff processed a large number of inquiries daily and sent out letters regarding delinquent projects. Requests for handicap code books are processed and distributed by this section.

FIRE SAFETY SECTION

The Fire Safety Section is charged with the responsibility of enforcing State Statutes, Southern Codes (especially the "Life Safety Code") for the purpose of protecting the citizens of Tennessee from possible injury or death from fire. This section is further charged under Department of Commerce and Insurance Regulations, Chapter 0780-2-3, Section 0780-3-.06, effective as of August 26, 1982, with inspecting all educational occupancies, detention and correctional occupancies and State buildings under construction to insure that the construction meets the equivalent standards of the Standard Building Code and the National Fire Codes. As of January 1, 1983, the inspection requirement was extended to include all business and/or residential occupancies three (3) or more stories in height, excluding those cities authorized to conduct reviews and inspections of new construction within their jurisdictions.

Amendments to Chapter 0780-2-3, Section 0780-2-3-.03, paragraphs 4 and 5 effective as of November 11, 1985, extends that responsibility to include the inspection of new construction of special purpose; industrial facilities over 40,000 square feet; high hazard industrial occupancies and covered malls as of January 1, 1986; and the inspection of two story residential occupancies having more than twelve units, effective July 1, 1986.

Chapter 0780-2-2, Section 0780-2-2-.01, sub-paragraph 1(a) and (b) were further amended to adopt the 1985 Edition of the Southern Building Code and National Fire Code references listed under Annex "A" thereto, effective November 11, 1985.

During the calendar year of 1986 the Fire Safety Section concentrated on construction progress inspections of new construction of state owned and local governmental buildings, assemblies over 300 occupancy and buildings three or more floors in height. This section continued to conduct re-inspections and provide assistance to the school superintendents in the correction of hazards found during our school fire safety re-survey program that was initiated in 1985. By conducting revisit inspections of schools and providing assistance to the school superintendents and the school boards, the school systems have been able to reduce the points listed on the school survey computer printout. All school systems were in the process of correcting life safety code problems with new construction, renovation and/or by use of their own maintenance crews.

The Fire Safety Section conducted a total of approximately 12,350 inspections and associated activities for fire code compliance; including consultations with architects, contractors, builders, and owners either at on-site construction projects, architects' office and/or Division of Fire Prevention offices.

During the calendar year 1986 the Fire Safety Section collected the following revenue for certificates of registration, licenses and LP gas:

CONSUMER AFFAIRS DIVISION

The Division of Consumer Affairs is charged under the Consumer Protection Act of 1977 with protecting consumers and legitimate businesses from persons engaging in unfair or deceptive business practices. The Division's jurisdiction covers any trade or commercial transactions involving Tennessee consumers or businesses operating in the State of Tennessee.

CONSUMER COMPLAINT INVESTIGATION AND MEDIATION

Consumer complaints are assigned to a specific coordinator who then contacts the respondent business, assembles available information and attempts to mediate the complaint. If the complaint remains unresolved, the complainant is notified that he or she may have a right of private action under T.C.A. 47-18-109 or that the case is to be referred to the Attorney General's office for possible legal action.

CONSUMER INQUIRIES

The Division receives thousands of inquiries from consumers each year. In some cases the consumer is referred to other state or federal agencies. In others the Division personnel utilizes complaint records or information files to answer these requests.

INVESTIGATIONS INITIATED BY DIVISION

Occasionally, through requests from other agencies or from government officials, the Division will initiate an investigation to determine the status of a particular business or genre of business where it is felt to be in the best interests of the public to do so.

LEGAL ACTION

By statute the Division can request the state Attorney General's office to become involved in a case whenever the Division has reason to believe that a person is engaging in, has engaged in, or based upon information received from another law enforcement agency, is about to engage in any act or practice declared to be unlawful by the Consumer Protection Act.

CONSUMER EDUCATION

Through communication with federal, state and local agencies and various other sources, the Division maintains up-to-date information files and compiles consumer tipsheets for use in disseminating information to consumers.

Members of the staff accept speaking engagements on various topics of consumer education, and there is an on-going effort to provide information to consumers through media appearances and press releases. During fiscal year 1986, thousands of persons were reached through speaking engagements and numerous media appearances.

CONSUMER LEGISLATION

The Division actively seeks information from other state and federal agencies regarding legislation and regulations affecting consumers and can provide this information to members of the legislature or others interested in sponsoring consumer legislation.

STATE BOARD OF ARCHITECTURAL AND ENGINEERING EXAMINERS

The State Board of Architectural and Engineering Examiners was originally created by Public Acts of 1921 to assure that only properly qualified persons shall practice architecture and engineering in this state. Public Acts of 1975 completely rescinded the old statutes governing the Board and replaced them with a new act. Again in 1979, sunset legislation brought about major revisions by an act to restructure the Board of Examiners for Architects and Engineers and the Board of Landscape Architects by combining such boards to create a single entity, to provide a termination date for such entity under the Governmental Entity Review Law, to provide for consumer representation on such entity, to amend Tennessee Code Annotated, Section 4-2903, and to repeal Tennessee Code Annotated, Title 62, Chapters 2 and 23.

This Board consists of seven (7) members: three (3) registered architects, three (3) registered engineers and one (1) member who is not engaged in the practice of architecture, engineering or landscape architecture. The Board is required to appoint a committee on Landscape Architecture for the administration of the Landscape Architectural registration process. This committee shall be composed of one (1) Architectural Board member, one (1) Engineering Board member, and the third member shall be a Landscape Architect.

Uniform national examinations for each of the three respective professions are administered by the Board. Tennessee candidates passing scores rank with the national and regional averages.

The mission of the section is to administer three statutes: The General Cemetery Act of 1968; the Cemetery Merchandise and Services Act of 1979; and the preneed sales provisions of the Funeral Directors and Embalmers Act (Part 4). The essence of each act is to require the establishment of a trust for the protection of those who buy cemetery and funeral property and services. This is accomplished largely through reviewing reports and conducting examinations, then obtaining compliance through correspondence, personal contact and, when necessary, Commissioner's Orders and lawsuits. To bring reporting period in line with instructions, these data apply to the 18-month period from July 1, 1985 through December 31, 1986. (Prior report was on a fiscal year basis.)

PATIENT QUALIFICATION REVIEW BOARD

The original purpose of this program was to evaluate the use of marijuana cigarettes and capsules by cancer patients for the relief of nausea and vomiting associated with cancer chemotherapy after failure of conventional anti-emetic therapy.

Our participation in this program has assisted in the approval of the capsule, which is now commercially marketed. The program continues the evaluation of the marijuana cigarettes.

The program is administered by the Board of Pharmacy with the approval of a six member board, elected by the Governor, consisting of five physicians and one pharmacist. The program began dispensing marijuana in July, 1982.

A statistical review of this program from June, 1986 through May, 1987 is as follows:

TENNESSEE PERSONNEL RECRUITING SERVICES BOARD

The General Assembly replaced the Private Employment Agency Board with the current Personnel Recruiting Services Board by Chapter 865 of the Public Acts of 1984. The duties include licensing and inspecting personnel recruiting services, licensing personnel recruiting service managers and consultants; and investigating complaints. To carry out these mandates, the Board restricts licensure to persons over 18 years of age who pay certain fees, pass the Board's exam, and show themselves to be financially responsible. Personnel consultants must work as registered affiliates for thirty days before they are licensed. The owner of a personnel recruiting service must apply for licensure, identify who will serve as the manager, and provide evidence of financial responsibility. To receive or renew a license, quailfied applicants must submit a license fee. Licenses expire on June 30 of each odd-numbered year. If a license is issued which will expire in less than one year, the fee is reduced by 50 percent.

The Personnel Recruiting Services Board consists of six members appointed by the Governor; four are licensed managers owning an interest in a personnel recruiting service, one is a user of such services, and one represents the general public. Board meetings are authorized to be held as necessary to conduct Board business.

TENNESSEE REAL ESTATE COMMISSION

State regulation of the real estate industry began in 1915, was revised in 1919, but only required the filing of an application, paying a fee, giving a bond and paying a privilege tax. This licensing was administered by the County Court Clerks. In 1951 the legislature created the Tennessee Real Estate Commission. The Commission Code has been amended and revised several times and is presently operating under Tennessee Brokers Act of 1973, as amended. 1983 witnessed a continual rapid growth in the Time Share industry. Time Sharing, also known as interval ownership, enables a person to own his vacation home at a particular time of year without the cost and responsibility of full-time ownership. This new industry has been responsible for a growing number of consumer complaints. There are currently seven (7) Commissioners appointed by the Governor, each for a term of five (5) years. Two (2) public members were appointed to the board in 1980-81.

The basic responsibility of the Commission is to ensure protection to the public. This is accomplished by requiring and rendering competency examinations; requiring an apprenticeship for broker applicants; supervised affiliation for salesman applicants; establishing educational requirements; initiating investigations to eliminate incompetence, misrepresentation and fraud among some agents; and to help develop professionalism among real estate agents. Beginning January 1, 1985, agents were paying a recovery fund fee instead of the old bond requirement. The Commission, after proper hearings, is empowered to revoke or suspend licenses. Their performance activity for the fiscal year 1986 is as shown:

ACTIVITY	NUMBER

Renewals (Biennial)	472

ACTIVITY	NUMBER

INVESTIGATION SECTION

The Division of the Regulatory Boards Investigative Section consists of thirteen (13) investigators: one (1) Director, one (1) Assistant Director, three (3) Investigator II and eight (8) Investigator I positions. The Assistant Director also serves as the Boxing, Wrestling, and Racing Coordinator. Three (3) Secretary II positions make a total of sixteen personnel. One Secretary II position is versatile and is utilized by any Commission/Board when a need is developed.

The basic function of the Investigation Section is to serve the investigative needs of fifteen (15) Commission/Boards and to inspect real estate firms and private recruiting service firms for their compliance of Tennessee Code Annotated and regulations that pertain to their industry. All actual investigations are initiated by the staff attorney that represents the Commission/Board in need of service.

Investigators are expected to cause an action through affidavits for criminal arrest warrants and Grand Jury testimony when recommended by a staff attorney.

A noteworthy achievement was the innovative handling of case investigations and reports that lead to a citizen benefit of a shorter response time. Our completed investigation averages two (2) months as compared to one (1) and two (2) years of the past and more production is the end result.

Statistics for the calendar year of 1986:

ACTIVITY	NUMBER
Cases Opened	306
Cases Closed	412
Real Estate Office Inspections	1,454
Real Estate Office Violations	787
Private Recruiting Service Office Inspections	87

1. To ensure that the boards and commissions comply with the Uniform Administrative Procedures Act and all other applicable statutes;
2. To prepare and present disciplinary matters for formal hearings or informal conferences before the boards and commissions;
3. To attend regular board and commission meetings for the purpose of answering legal questions and otherwise helping to guide the proceedings;
4. To draft rules and regulations necessary for the operation of the boards and commissions and the respective regulatory programs thereof;
5. To respond to legal inquiries from the public, affected professions and industries, and other attorneys;
6. To serve as a liaison between the boards and commissions and other federal, state and local government agencies;
7. To assist the State Attorney General and individual District Attorneys General in legal proceedings involving matters regulated by the boards and commissions;
8. To conduct rulemaking hearings and attend legislative committee meetings at which matters pertaining to the boards and commissions are considered; and
9. To provide administrative legal support to the Director of the Division of Regulatory Boards.

The staff attorneys review all investigative reports submitted by the Investigative Section. During the calendar year of 1986, four hundred twelve (412) reports of investigation were submitted to the staff attorneys for review and recommendation for action to the boards and commissions.

There were a total of one hundred twelve (112) formal hearings and ninety-nine (99) informal conferences during the calendar year of 1986. These resulted in the revocation of thirty-eight (38) licenses, suspensions of thirty-three (33) licenses, the probation of forty-eight (48) licensees and eighty-one (81) reprimands. The civil penalties assessed from formal hearings totaled nineteen thousand eight hundred dollars ($19,800.00). The Board for Licensing Contractors sought and obtained criminal fines in the amount of thirty-eight thousands dollars ($38,000.00).
